EXPERIENCE

Recently completed a one-year web development course at SMIT(Saylani Mass IT Training), acquiring comprehensive skills in front-end technologies, including HTML, CSS, JavaScript, Firebase, NodeJS, ReactJS, Bootstrap, and Tailwind. Applied these skills effectively during a three-month internship, actively contributing to real-world projects. Proficient in building responsive and user-friendly web applications. Eager to apply my knowledge and gained valuable industry insights in a dynamic professional setting.

EDUCATION

Government superior college

Pre engineering
2021-2023

Matriculation

Sun rise children academy
2021
